

PATAGONIA

Mountain Scenery

Photography is the tool I use to share my adventures with family, friends and strangers alike. I want to open the door for them to see the possible adventures they might want to experience. With the images I take I am trying to capture the grandeur, color, and spirit of the place as I am seeing and feeling it. When viewing my images try to imagine yourself standing in the same spot and know that besides what you see you will also be hearing, smelling and feeling the site with your other senses. These images are just teasers for a new adventure or maybe a reminder for those who have been lucky enough to have already had the adventure. I hope you enjoy viewing these images as much as I did taking them.
