# WOW Competition!!

The WOW competition objective is simple...have fun creating a photo that will knock your fellow club member's socks off! Their reactions should be WOW, AWESOME, BLOWS ME AWAY or whatever adjective comes to mine.

1. Any photo taken this year between **January 1 and November 10, 2022** is eligible.
2. Photos may be of any subject that you think will make the viewer go WOW. This is an open competition so the subject may be anything and hopefully your creative juices have been flowing this year.
3. Composite images and creative editing are allowed, but **ALL** elements must be a member's work and taken in the same timeframe. Stock photos, generic sky replacements using skies provided in Photoshop, Luminar, or any other editing software are not allowed. You may use your own textures but textures provided by a third party, such as those in Topaz or created by other photographers are not allowed.
4. Submission deadline for your photos is **November 11, 2022**. A maximum of 2 photos may be submitted by each OPCC member. The more members participating the more fun we'll have.
5. Submission Rules for WOW are the same as our quarterly Competition Evaluations. **DO NOT** include watermarks or signatures on your photos.
6. The entire membership will be the judges. Voting will be open from **November 21 to November 27**. Each member has one vote and you don't have to submit an image to vote. So let's have everyone vote. In keeping with our goal of everyone having an even chance **DO NOT** vote for own photo(s).
7. The results will be compiled and announced at the last member share meeting on **December 1, 2022**.
